Jesus Appears to Syrian Refugees

Our missionaries working in the Middle East tell us so many stories of Jesus showing up in Muslim's dreams. So many are surrendering to Jesus after finding out more about this "man in white" who appears to them in their dreams. I read this story the other day of Jesus appearing to a family while they were awake. It is such an encouraging story that I wanted to share it with you this month.

Please continue to pray for God to make Himself known in the Muslim world.

Daniel had gone to the Middle East to work with Syrian refugees. He would go from refugee tent to refugee tent in this Middle Eastern nation and love on the people. If they opened up to him then he would look for a chance to share the gospel.

One afternoon Daniel walked into a white tent with a family of eight people inside. "Hi, I'm Daniel and I'm here to tell you about Jesus," he announced.

He wasn't quite prepared for their reaction. "The family freaked out, they looked at each other, almost turned white. The father was excited, yelling."

What's going on? Daniel wondered.

The interpreter explained that the night before Daniel's visit the whole family was sitting in their tent having tea together and a man in white opened the door to their tent and stood at the entrance.

The man was glowing.

"Hello, My name is Jesus and I am sending a man tomorrow named Daniel to tell you more about me." Then he disappeared.

So when Daniel arrived at their doorway and told them his name, they were completely undone. "They asked him to tell them more about Jesus and he gave them the Gospel and the whole family gave their lives to Jesus," Connell reports.

The father had been a part of the Free Syrian Army. He had known bloodshed. He was a devout Muslim. This man and his family are now planting underground churches and are seeing a harvest among Muslims.

More on YWAM Ships

As I shared in June's newsletter, I will be leaving in September to work with YWAM Ships for about 6 months. I want to give you some more information about this. Over the past year God has been speaking to me about this ministry. YWAM Ships uses ships to bring resources and innovations to people via the port cities, rivers, and beaches of the world. They mostly target isolated islands. Using ships to access these villages is not just the best option...it is the only one. They bring hope to the least reached and the most remote who live without airports or regular help from the outside world.

At this present time, they do not have any ships operating in the Caribbean. God has been speaking to me about starting a YWAM Ships ministry based out of Florida working throughout the Caribbean Islands. My first step in the process of pioneering this ministry here is to spend 4 months in Kona, HI at the YWAM Ships Training Campus. Then I will spend 5 to 6 weeks working on a ship called the Pacific Link doing medical outreaches in Papua New Guinea. I will be going to Kona the end of September and returning to Florida mid-March.

In order to complete this training, I need to raise around \$9000 (may vary depending on airfare costs). I need to see around \$6000 of this amount provided by August 26th. Would you pray about partnering with me to see a YWAM ships ministry started in Florida by helping me complete this training time? All donations are a huge blessing.
